DESCRIPTION

The Rhino Cervical Collar is a medical device intended for use with pediatric patients for pain management and/or to limit flexion and extension while supporting the neck and as instructed by a healthcare provider. A consistent examination scheduled with the healthcare provider is needed to ensure proper fit, use, and instruction for caregivers and/or users. Compliance with instructions for use and clinical care treatment plan is important to achieve clinical and therapeutic outcomes.

MATERIALS

The Rhino Cervical Collar is made from heat transfer label, nylon, sew on label, cotton, polyester, titanium dioxide, fiber lubricant.

INDICATIONS FOR USE

The Rhino Cervical Collar is intended for use with pediatric patients for pain management and/or to limit flexion and extension while supporting the neck and as instructed by a healthcare provider.

WARNINGS AND PRECAUTIONS

- Follow the qualified healthcare provider and physician instructions or treatment plan.
- Follow instructions to ensure straps are tightened properly, to reduce risk of irritation, blisters, and pressure ulcers.
- Consult your healthcare provider immediately if the child is experiencing pain, irritation, blisters, swelling, pressure ulcers, or if the brace is not fitting properly.
- Protective barriers (i.e. provided stockinette) should be worn when wearing the Rhino Cervical Collar.
- The Rhino Cervical Collar should be used without additional components or accessories, unless instructed by the healthcare provider.
- Do not use a Rhino Cervical Collar that is damaged, broken or not functioning properly.
- Modification is not recommended for the Rhino Cervical Collar.

MRI SAFETY INFORMATION

The Rhino Cervical Collar brace is MR safe.

CLEANING INSTRUCTIONS

- Wash on delicate cycle or hand wash with mild detergent. Rinse thoroughly.

STORAGE AND HANDLING

- The Rhino Cervical Collar requires no special handling during transport or storage.
- The Rhino Cervical Collar is a nonsterile device.

APPLYING THE BRACE

1. Carefully position the collar under the chin, across the neck.

2. Wrap the collar around the neck, with the Velcro attaching in the back.

REUSE LIFE

All parts were designed to be used by a single patient under normal use conditions and as instructed by a healthcare provider. Normal use includes the daily application of the Rhino Cervical Collar as healthcare provider instructed.

SAFE DISPOSAL

The Rhino Cervical Collar can be disposed of in the regular trash. None of the components of the device are recyclable.

IMPORTANT STATEMENT

- MD Orthopaedics, Inc. does not provide medical treatment, advice or recommendations about the risks and benefits of medical treatment, including treatment that involves the use of MD Orthopaedics, Inc. products. This information should be provided solely by the physician or other qualified health care provider treating your child. If you have questions about your child’s treatment, it is important for you to discuss those questions with the appropriate health care provider.
- The manufacturer and distributor are not liable for cases of material damage or personal injury caused by incorrect handling or non-compliance with instructions. Normal use is defined as a single user following intended use.
- Instructions for Use (IFU) are available in English at <https://opsb.com/ifu>. To obtain a copy of the paper IFU, please call Customer Service at MD Orthopaedics, Inc. at (877) 766-7384.
- If a user and/or patient experiences any serious incident that has occurred in relation to the device, it should be reported to MD Orthopaedics, Inc. and the competent authority of the EU and EEA Member State in which the user and/or patient is established.
